

MARXISM

EDUCATION FOR SOCIALISTS

DAY SCHOOL

The 20th Century is a history of revolution and counter-revolution.

In 1919, the Communist International was formed. The Bolsheviks understood that only the success of the international revolution could guarantee a genuine workers' government in Russia and break their isolation.

But, the Stalinist degeneration gained ground and led to the transformation of the Communist International from a weapon of the international proletariat into a mouth-piece for the needs of the Soviet bureaucracy.

Come to the Marxist Day School where we will discuss the lessons of the past, so as to be better prepared for the future.
